An enthusiastic individual with a passion for technology and a strong desire to learn and grow in the engineering field. Skilled in Python, JavaScript, and React, Swift with practical experience gained through projects and internships. I am eager to apply my skills and further develop them in a dynamic engineering environment. Quick learner, adaptable, and committed to contributing effectively to team goals.

SKILLS

Enterprise & Technologies:: JavaScript, React, Swift, HTML5, CSS, Python, Web API, PostgreSQL

IDE: Visual Studio, VS Code, Xcode, XCTest, Sublime Text

WORK EXPERIENCE

Prime Video & Amazon Studios Software Engineer Intern

02/2023 - 07/2023

- Optimized the prime video player for Apple devices within the Swift environment, leveraging XCTest for testing, Xcode for development, and Git for version control.
- This involved enhancing the user interface to improve usability while effectively handling and displaying multiple seek requests.
- The outcome was a significantly faster and more responsive seeking experience for millions of users.

Ada Developers Academy Student Software Developer

09/2022 - 02/2023

- Completed an intensive six-month full-stack web development training covering Python, JavaScript, SQL, Flask, Postgres, HTML/CSS, and independent/pair projects.
- Engaged in a five-month internship with prominent companies, gaining practical experience and applying learned skills in real-world projects.
- Successfully transitioned into a software engineering role, leveraging training and internship experience to contribute effectively to team objectives.

EDUCATION

Full-Stack Software Developer Ada Developers Academy

09/2022 - 07/2023

Associate of Science - AS in Computer Science Elgin Community College

01/2020 - 12/2021
